Dear ALL,

CLARIFICATION NO. 2

The following clarification is being done following internal considerations:

The NFM SGS Gant Chart

The document is being updated in order to be more user friendly. It now defines the fact that 'Activity 1' will always be the 'Signing of the Grant Agreement' and the project activities will follow in accordance with the timeline envisaged by the Local Council. The related column (Activity 1) is therefore fixed and cannot be changed.

The same concept has been made applicable also for columns E, F and G. These columns also cannot be changed at project submission stage since these refer to updates that will take place during the implementation phases of the project.
